

Angies List 2011 Super Service Award

PC Computer Guy Earns Coveted Angie's List "Super-Service" Award

Award reflects businesses' consistently high level of customer service

PC Computer Guy has been awarded the prestigious 2011 Angie's List Super Service Award, an honor bestowed annually on approximately 5 percent of all the businesses rated on the nation's leading provider of consumer reviews on local service and health providers.

Owner Nick Ellis had the following comments: "We are very grateful to receive this prestigious award for the second year in a row. PC Computer Guy was founded for several reasons, one of the most important being the need for friendly, affordable, reliable computer support. I see customer care severely lacking in the computer industry, but we here at PC Computer Guy work very hard to do all we can to make every customer completely satisfied."

"Only a fraction of the businesses rated on Angie's List can claim the sterling service record of being a Super Service Award winner because we set a high bar," said Angie's List Founder Angie Hicks. "The fact that PC Computer Guy can claim Super Service Award status speaks volumes about its dedication to consumers."

Angie's List Super Service Award winners have met strict eligibility requirements including earning a minimum number of reports, an exemplary rating from their clients and abiding by Angie's List operational guidelines.

Ratings are updated daily on Angie's List, but members can find the 2011 Super Service Award logo next to business names in search results on AngiesList.com.
